### VARSITY HANDBALL.

The Willamette University handball tournament began Thursday afternoon at the gymnasium and the opening was very auspicious, as it brought out three very interesting contests. The first was between Murphy and Brownell and the three games resulted as follows:

	1st	2d	3d
Murphy	21	21	21
Brownell	6	4	1

That is a loss of three straight games to Brownell and leaves him out of the tournament. The next bout was between Livesay and Veness, with the following result:

	1st	2d	3d
Veness	21	21	21
Livesay	9	13	2

This was a loss of three games to Livesay and lets him out of the tournament also. The third set of games was between Riggs and Shives, resulting as follows:

	1st	2d	3d
Riggs	21	16	21
Shives	16	21	2

This was two games for Riggs and one for Shives, leaving both in the tournament. The contests will be continued Friday beginning at 4 o'clock in the afternoon with the following opponents:

Burkitt against Matthews.  
Shives against Veness.  
Murphy against Riggs.

Your Boy Won't Live a Month.  
So Mr. Gilman Brown, of 34 Mill street, Gardiner, Mass., was told by the doctors. His son had lung trouble, following typhoid malaria, and he spent \$375 with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work perfectly well again. He says he owes his present good health to Dr. King's New Discovery, and knows it to be the best in the world for lung trouble. Trial bottle free at Fred. A. Legg's drug store.

Maid in Costume.  
The Dairymaids reception to be given at the First M. E. church Friday evening, February 28th, will be a very novel affair. A fine program, a delicate lunch to be served by the Dairymaids in costume, and a good social time is promised—all for the small sum of 15 cents. 2-27-96

Silver keeps going up.

### SOME FIGURES.

The Salem Statesman prints the following as to the possible ratio of representation upon which delegates will be elected in the several precincts. Chairman Croisan is said to favor one delegate at large from each precinct, and one delegate for every seventeen votes or fraction over half that number cast for Governor Lord at the election of 1894. Such a basis will give 247 votes in the convention, making 124 votes necessary to choose, and will give representation to the several precincts as follows:

	Votes Del.
Salem No. 1	154
Salem No. 2	148

### IN THE CIRCUIT COURT.

#### Loughmiller Case Concluded—Mill Company Asks Receiver.

In the case of J. A. Baker vs. Williams & England Banking Co., a corporation, the receiver, H. P. McNary, through his attorney, W. T. Slater, has presented a petition to Judge Hewitt of department No. 2, of the circuit court for Marion county. The petition was granted by the court and as a sequel to the matter, Mr. McNary, in his capacity as receiver, has instituted an action against George and Emma Williams and A. Bush in which it is desired to foreclose a lien. The complaint was filed with the county clerk yesterday. Judgment is wanted against Mr. Williams for the sums of \$10,045.81 with interest at 8 per cent from February 4, 1893; \$4,000 with interest at 6 per cent, from January 16, 1895, and \$875 as attorney's fees.

Mr. Bush is made a defendant by reason of his claim to some interest in the premises as a judgment creditor which, it is alleged, is subsequent to and subject to the lien of plaintiff's mortgage.

Verdict for defendant was rendered yesterday in the ejectment case of Elma Simmons against T. L. Golden.

#### GERVAIS MILL SUIT.

Frank W. Godfrey, J. S. Stott, E. Ripper, George A. Nickel, Mathias Goulet, Joseph Jollette, H. Miering, B. A. Nathan, A. Schwab, and John Norwood have begun a suit against the Gervais Milling Co., and O. J. Coffin, M. Benjamin, John Johnson, Charles Le Brun, G. Glasser, Harrison Jones, J. Assman, H. D. Manning, E. W. Manning, J. D. Smith, J. B. Vandale, V. A. Manning, A. Vanderbeck, Samuel H. Brown, and Scott Jones in which they petition the Marion county circuit court for an order appointing some person as a receiver for the Gervais Milling Co., and vesting him with the usual powers necessary in such transactions.

The complaint which was filed with the county clerk yesterday by D'Arcy & Richardson, the attorneys, sets forth that the property of the said Gervais Milling company, both real and personal, is not worth more than \$3,500, and that the defendant is indebted to the following named persons in the principal amounts set opposite their names, as follows:

A. Schwab, F. W. Godfrey, Scott Jones, S. W. Jones and E. Ripper	\$1,500 00
A. Schwab and E. Ripper	625 00
A. Schwab	400 00
Noon Bag Co.	163 00
Hagenough	107 00
H. Manning	117 70
Charles Le Brun	75 00
S. W. Jones	139 00

W. W. Bretherton, tax adjuster for the Southern Pacific railroad, was at the sheriff's office on business for his company today.

W. J. Gardner, of the Boys and Girls' Aid society, brought up Freeman Evisan, of Portland, committed to the reform school. He is an incorrigible who robbed Mrs. L. A. Rousch's residence.

Supervisor A. J. Pruitt, of Hazel Green district, was in on county business today at the court house.

John Swartz has given to A. S. Slipey a bill of sale in which is transferred his stock of plating material and the plating plant situated at 153 Court street, this city. The consideration is \$30 and the document was filed with the county clerk.

Miss Fiester, who was ordered to the county poor farm is still at Mrs. Pogue's boarding house ill of la grip. Judge Hubbard is trying to find a home for her.

The county commissioners court has not yet disposed of the money found on the body of John Eiting, who was drowned. Some was used to pay his inquest and burial and the rest is in the hands of the county treasurer.

The law says just what shall be done with the money and the coroner and court have no discretion.

The county judge and commissioners are exercised over an article in the Woodburn Independent, that while it properly defends Mr. Grim as county commissioner, unfairly assails the present county commissioners' court. In the past two years of hard times it has been simply impossible for the court to meet all demands for bridges, but it is a fact that the court has kept up the bridges of Marion county as well as any county commissioners' court has ever done. This court has built two new bridges on the Santiam, two on the Abiqua, one on Silver creek, two on Puddin' river, and two across Butte creek, between Marion and Clackamas, and repaired almost every bridge in the county, graders and scrapers and a rock crusher having been bought and the roads have been kept up and improved more than could be expected to be possible without raising the taxes.

The court has had to economize everywhere, and has incurred ill-will for its cutting things down.

The case of A. Blosser vs. J. H. Ramage, for possession of plaintiff's farm at Hubbard, was heard before Judge Edes this forenoon. J. H. Bigger appeared for plaintiff, and Grant Grant Dimick for defendant. The case was argued to the court on testimony, and a decision will be rendered tomorrow.

Judge Burnett called court today at 1 p. m., but rendered no decision on the Loughmiller case of Silverton. Adjourned to Monday at 9 a. m.

### The Fire Engine Test

The failure of the Silsby engine at the recent fire, and the test made yesterday afternoon by Chief Hutton is causing not a little comment among our citizens who are interested in keeping insurance rates as low as possible. The friends of the machine claim the test was thorough and that the engine is all right when properly handled, while others still insist that the engine is no good, and that the test yesterday made was not a success. To settle this point, which is one of vital importance to Salem property owners, Mayor Gatch proposes to have the engine thoroughly tested by competent men. To this end Mr. A. H. Forstner, the machinist, was engaged to try the machine this afternoon. If his test does not prove satisfactory, a man will be brought from Portland to make a final examination.

### IMPROVEMENT NOTES.

There is more building going on than usual at this season.  
Mr. Ravoux built a new house on North High street the past year.

A general cleaning up of the streets and alleys would be a wholesome proceeding.

Geo. Gray is fencing the lot west of the court house and will have it cleaned up.

Salem will have to have better graded and gravelled streets in the residence parts or it will take a four horse team to pull the big fire engine to a fire.

Judge Jas. Walton, who bought the lot adjoining where the woolen mill fire was, has got it all cleaned up and will make it an additional lawn and garden.

The Hentschel property on the corner of Twelfth and Marion streets has been much improved by paint and repairs and that neighborhood wears a more pleasing aspect.

Hutchins & Southwick have commenced on the large front steps on High street. The buttresses are of stone and the steps of cement concrete. Fred Erickson is doing the stone work. About ten men are at work. The concrete floors are all in. The work is progressing rapidly. It is paid in warrants on the general fund and will take \$15,000 more to complete the city hall by August 1st.

### OREGON NEWS.
